

# Amazing animals

## 1. Listen and read.

**Mary:** I like your photo album!

**John:** Yes, it's great! It's all about amazing animals.

**Mary:** What's your favourite animal?

**John:** Dolphins. And yours?

**Mary:** The kangaroo. It's so sweet. It's always carrying its baby.

**John:** Well, dolphins are nicer because they help people, and they have babies, too. It says in my photo album that they are not really fish.

**Mary:** What does that mean?

**John:** Well, fish lay eggs, but dolphins have babies. Isn't that great?

**Mary:** Yeah... but I still think kangaroos are the best!

## Talking about animals

1. Look at the pictures and complete this text. Listen to confirm.

When do you write is, isn't, are, aren't, don't, doesn't, can, can't?

### REMEMBER

1	2 or more
is	are
isn't	aren't
doesn't	don't
can	can
can't	can't

The ostrich is the biggest bird in the world but it can't fly.

It \_\_\_\_\_ have a very big head, and its beak is small. Its neck \_\_\_\_\_ long and its legs \_\_\_\_\_ long too. Ostriches \_\_\_\_\_ beautiful, soft feathers but they \_\_\_\_\_ have big wings so they \_\_\_\_\_ fly. They \_\_\_\_\_ taller than a person and they \_\_\_\_\_ run faster than athletes. Their eggs \_\_\_\_\_ small. They \_\_\_\_\_ the biggest of all. One egg \_\_\_\_\_ bigger than a grapefruit.

2. Guess the animals.

1. It's bigger than a fly but smaller than a butterfly. It works no harder than an ant, but it makes the sweetest and most delicious honey one can have.

2. It's not the largest cat but it's the most dangerous. It's not much bigger than a lion, but faster and more colourful. And it's the most fearful of all cats.

### LOOK!

big	bigger than	the biggest
